JobShine

Jobshine is the best online recruitment platform that connects the blue-collar employers and job seekers, like Admins, F&B Servers, Drivers, Warehouse Assistant, Technicians, Cleaners, etc.

Why JobShine is the best?

JobShine's web portal and AI chatbot is integrated with social media messaging apps such as FB Messenger and Telegram so that job seekers can search and apply for jobs via the messaging platforms that use every day. Employers can post their job ads on *Jobshine portal*, start receiving job applications and get automatically connected with shortlisted candidates. Job seekers also get application results instantly based on the basic job requirements set by employers.

With this on the go convenience and accessibility, jobseekers can get the jobs faster and employers can hire smarter.

How we help you to hire smarter?

JobShine's features lets employers focus on who matters the most: *Qualified Candidates*. Through this, employers are enabled to hire *Smarter, Faster & Easier.*

Automate: We will automatically shortlist & connect the qualified candidates with you based on your job requirements.

Attract: We help employers attract the best talent as the job posting is shared in multiple channels to maximize the number of qualified applications. Applications from different platforms are centralized and accessible directly from the Employer Dashboard.

Add-ons: Employers can go the extra mile depending on their need by opting for add on features such as banner ads and candidate search/ resume database.
